

An e-mail to the future

Dear Future,

My name is Tom. I'm ten years old. My mother always gets angry with me. She says I'm a naughty boy. I'll be a well-behaved, calm child for her. I love my mother.

My teacher says I don't study enough. I promise I'll be a hard-working student. I want to be a doctor. I'll help poor people.

My sister says my room is always a mess. I'll tidy my room every day before I go to bed. I won't leave my toys in her room.

I have got many plans for you, the future. I'm going to be a doctor. I'm going to look after my mother and father. I'm going to travel all over the world. I want to see many places on earth. I'm not going to stay at home. My best friend likes fish a lot. He's going to learn swimming with goggles to watch fish under sea. I'm not going to swim with fish. I'm afraid of big fish. I don't have any plans with fish!

Best wishes from present.
